

DENZA™

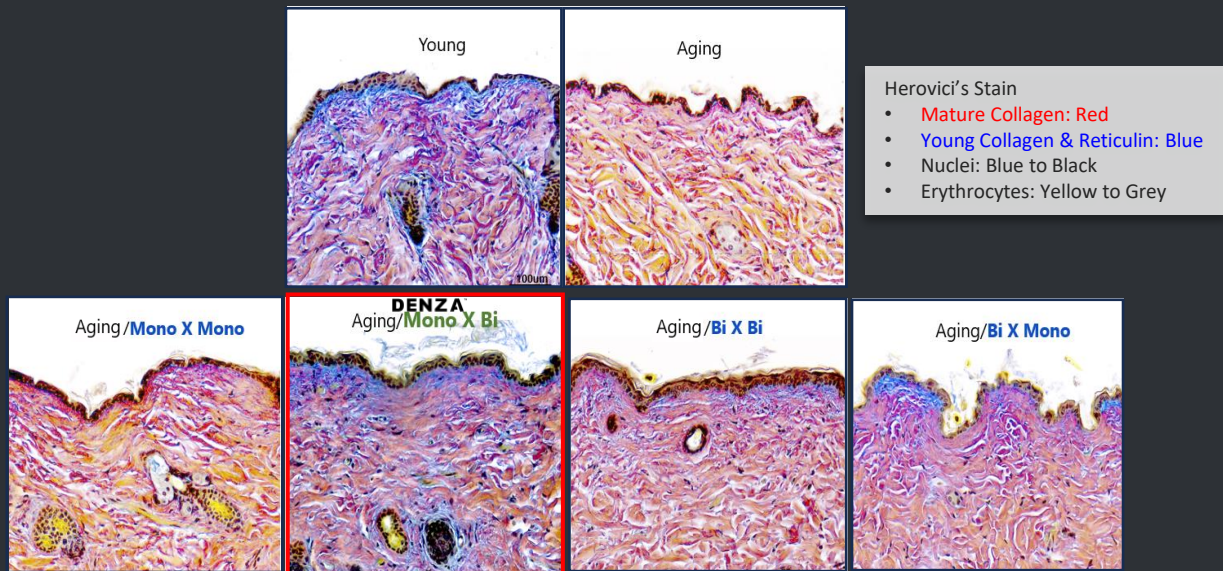

WORLD'S FIRST, WORLDS AHEAD.

Monopolar + Bipolar Sequential Pulsing

- 1 Treatment
- Immediate Improvement & **Long-Lasting** Results
- No Downtime

Clinically Shown to Firm & Improve Skin Quality:

- **76%** improvement in collagen fiber density in just 1 treatment*
- **82%** improvement in elastin fiber density in just 1 treatment*
- **239%** improvement in newly synthesized collagen in just 1 treatment*

Immediate effect from Bipolar RF:

- Immediate visible result after the treatment and will continue to improve over the first 30 days
- Targets papillary dermis and improves elastin & collagen production

Long-term improvement with Monopolar RF:

- Improvement starts around 30 days after treatment and will continue to improve over the course of 4-6 months
- Targets reticular dermis and improves long-term elastin & collagen production
